

KA WAI OLA

AMMAN IMMAN

WATER OF LIFE

The keiki of Kawaiaha‘o are working to give the gift of life – water.

In the poorest nation in the world, Niger – in the poorest region of that nation, the Azawak – 500,000 people live without rain and water resources for nine months a year.

Touched by the stories of Azawak keiki who walk as much as 35 miles a day to fetch a few precious cups of water for their families, the keiki of Kawaiaha‘o have decided to save their pennies to help build deep water wells in this district.

One of the ways they’ve chosen to raise money for Amman Imman (Water is Life) is by selling reusable grocery bags. Not only will the use of these bags help reduce ‘ōpala in Hawai‘i, but the proceeds of these bags will be used to help save the lives of thousands.

Please join us in giving the gift of water. For more information, please call Kawaiaha‘o Church School at 585-0622.
